

**State Road (S.R.) 65 over Graham Creek
Bridge Replacement Project
Bridge # 490018
Franklin County**

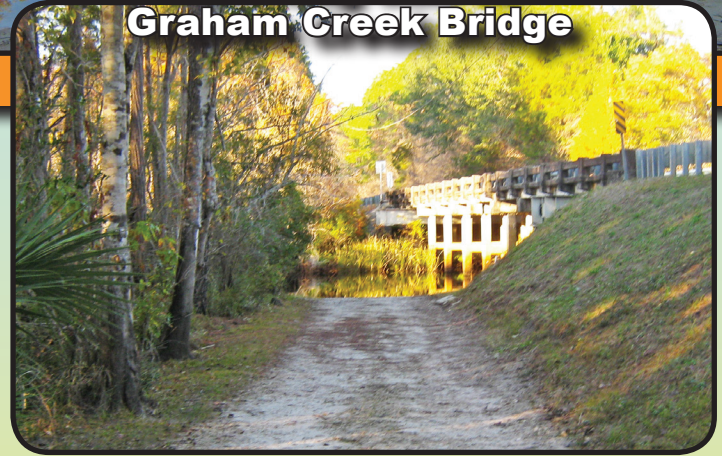

**Existing S.R. 65
Graham Creek Bridge**

Project Information:

The intent of this project is to replace the existing two-lane bridge on State Road (S.R.) 65 over Graham Creek with a new two-lane structure. In addition to the bridge replacement, improvements include new guardrail, new pavement, minor drainage improvements, sodding, and placement of new pavement markings. The new bridge will be constructed along the existing horizontal alignment. No additional right-of-way is anticipated. Bids for construction are scheduled to be received fall 2019.

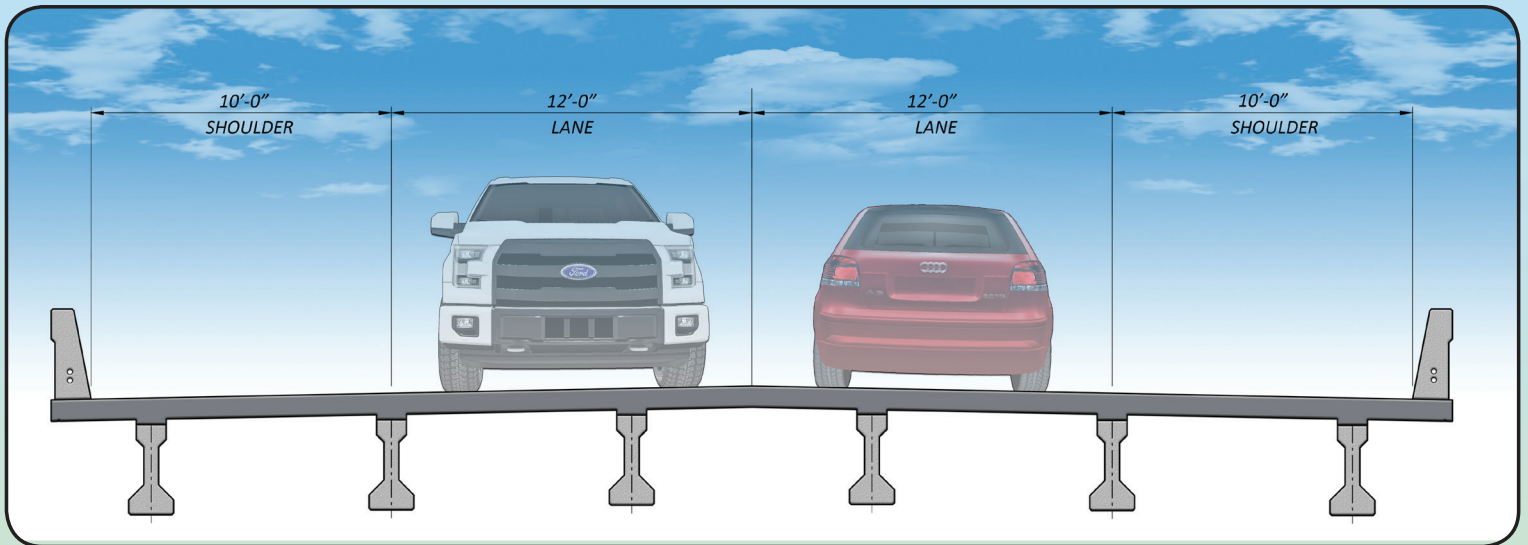

Traffic Impacts:

During construction, both lanes of traffic will be maintained.

Typical Section:

The two-lane typical section has the following features:

- Two twelve foot wide travel lanes in each direction
- Ten foot shoulders in each direction
