# VIRTUAL PROJECT UPDATE

## MICCOSUKEE ROAD BRIDGE REPLACEMENT LEON COUNTY

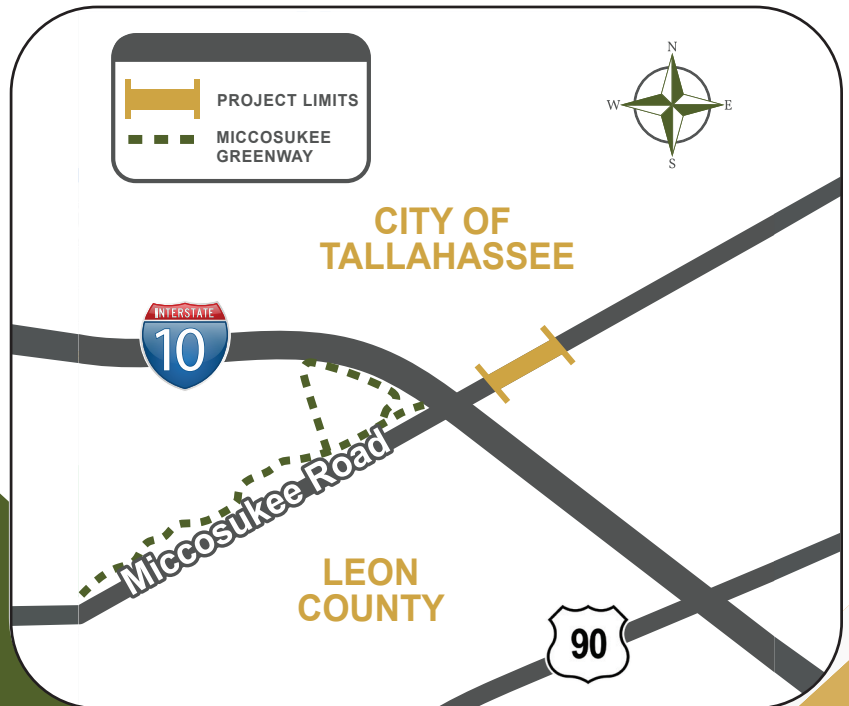

### Virtual Project Update:

The Florida Department of Transportation (FDOT) is holding a Virtual Project Update to provide those interested in this project an opportunity to provide input. Maps, drawings and other information will be available on the project website.

This virtual project update can be accessed anytime, anywhere beginning at

12 p.m. Tuesday, July 27, 2021.

[www.nwflroads.com/virtualmeetings](http://www.nwflroads.com/virtualmeetings)

Financial Project Identification Number:  
442944-1-32-01

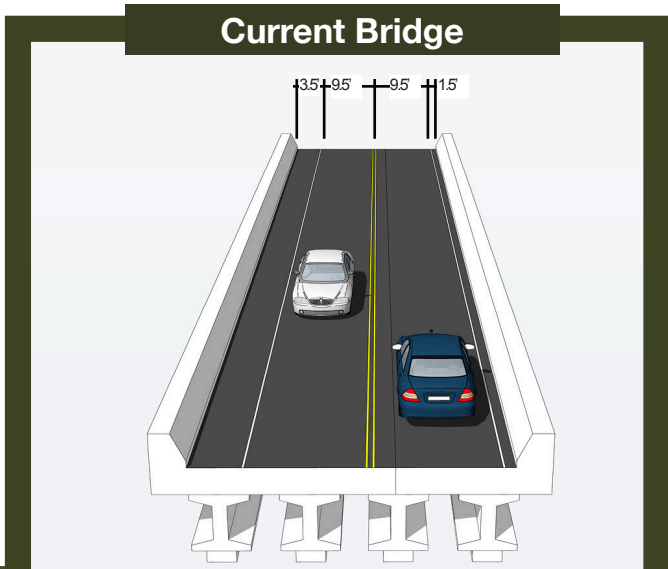

### Project Information:

The intent of this project is to replace the existing structurally deficient bridge on Miccosukee Road. Improvements include new guardrails and resurfaced roadway approaches. Miccosukee Road bridge will remain open with one lane controlled by a temporary traffic signal during construction. Half of the existing bridge will remain open while the other half of the new bridge is built. A temporary construction easement may be required during construction. Bids for construction are scheduled to occur fall 2023.

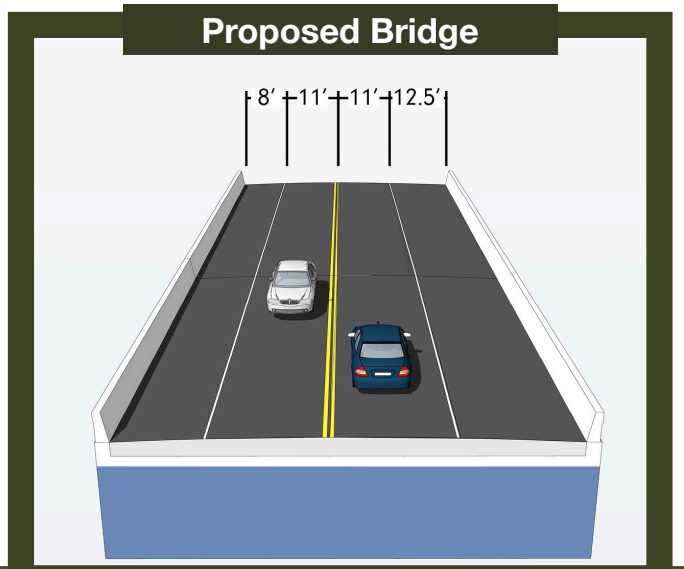

← **SCAN ME**

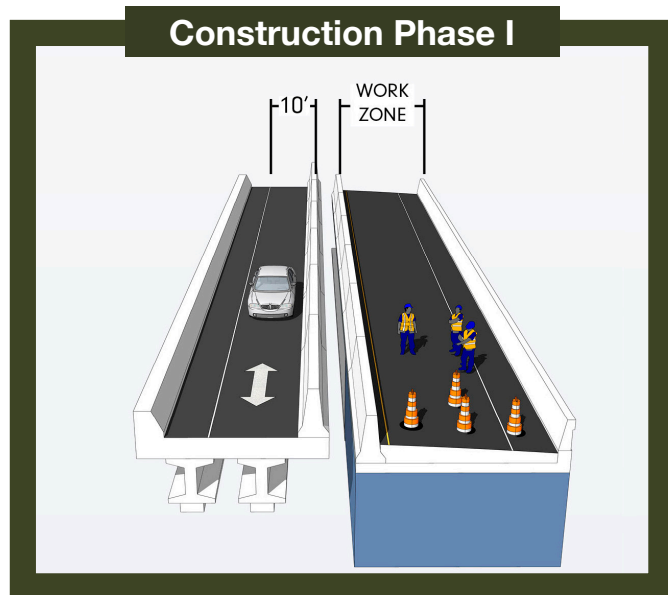

# Typical Sections:

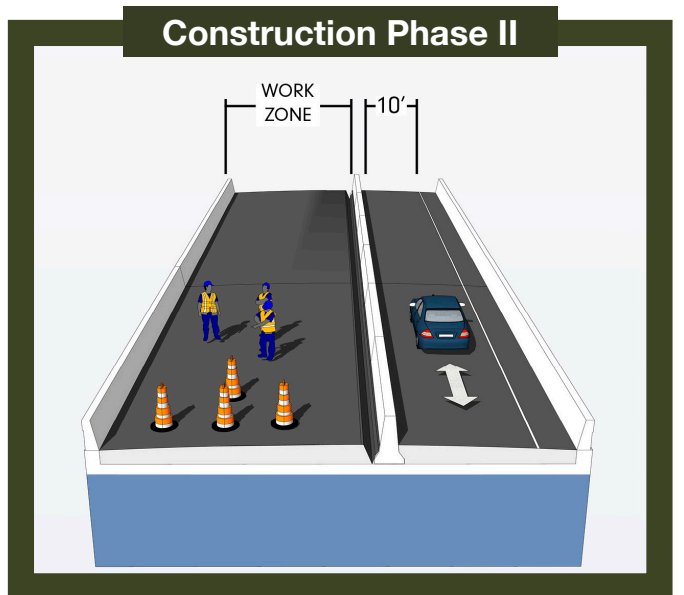

- Nine and one-half foot travel lanes
- Three and one-half foot shoulder westbound
- One and one-half foot shoulder eastbound

- Two 11-foot travel lanes
- Eight-foot shoulder westbound
- 12.5-foot shoulder eastbound

- One ten-foot travel lane will be provided for both directions of travel
- A temporary traffic signal will be located at the each end of bridge control direction of travel
- Construction of the new structure will occur in three phases allowing for traffic to be maintained during construction at all times without the need to shut down the road
